

**Nagano Snow Shuttle**  
JHN Travel Ltd

**Yeah Baby!!! We're back in Business!**

**Get Your JAPOW fix this season by working with us.**

**We have a number of positions working out of our Hakuba Base Camp Office.**

**Mostly in guest services, helping people on their arrival or departure in Hakuba.**

**You can work as much or as little as you like, but we only give free accommodation to those working 30 hours a week or more.**

**A typical day will start at 07:30, where you will assist visitors to our office to get on the right bus to the ski resorts. From there you will probably take our first bus across to our Nagano hub, where all the action takes place. There you'll help people make their transfers before heading back to Hakuba and your day is done.**

**For those wanting to work nights, you can start work at 10PM and head over to Nagano to meet the shuttles coming in from the airports and help people get on their way to other ski resorts.**

**On some days you may even have to head down to Tokyo to meet VIPs, or escort groups.**

**We do run several accommodation properties, so you may have to help with cleaning on occasions.**

**Nothing is overly stressful, but you'll be busy so the days will fly.**

**So come join the team!**
